

NATIONAL™ POWER STEERING | Specialty Oils and Fluids

Product Description

NATIONAL POWER STEERING FLUID contains a unique additive system designed to provide protection against wear, corrosion and rust. It reduces power steering noise (squeal), conditions seals and it can be used in most domestic and imported cars. It is also suitable for power steering applications where automatic transmission fluids are specified.

Industry and OEM Specifications

- Excellent Rust and Oxidation protection
- Keeps seals & o-rings pliable
- Helps to prevent leakage
- Reduces squealing under severe conditions
- Will not clog or foam, maintains performance
- For year-round use

Technical Data

(typical values)

Description	ASTM	Typical
Product Number		07-706012
SDS Number		S044
Viscosity @ 100°C, cSt	D445	6.84
Viscosity @ 40°C, cSt	D445	44.79
Viscosity Index	D2270	108
Specific Gravity at 60°F	D1250	0.8671
Pour Point, °C	D5950	-36
Color ASTM	D1500	L0.5
Zinc, ppm	D5951	430

1. Always confirm that the product selected is consistent with the original equipment manufacturer's recommendation for the equipment operating conditions and maintenance practices.
2. Not recommended for use in Honda power steering units
